Farm Information

Dodger Acres is a 4th generation farm in the Rosendale area owned and operated by Kevin & Patti Madigan and Justin & Kathryn Madigan. Dodger Acres milk 160 cows and crop 750 acres. The forage crops grown include alfalfa, winter rye, and Sudan grass. Corn, soybeans, winter wheat, and canning peas are also grown.

This event is hosted by the Fond du Lac/Dodge County Forage Councils, UW-Extension, and Midwest Forage Association with financial support provided by the following area agri-businesses: Agromatic/Schmidt Building, Agri-Nutrition Consulting, Grande Cheese, Cedar Valley Cheese, Badgerland Financial, Waupun Equipment, and John O'Brien Auctioneer LLC. These and other sponsors will be recognized at the program.

UW-Extension provides equal opportunities in employment & programming, including Title VI and Title IX requirements.
