

Manure Technology Producer Round Table

Joe Sinkula, Riesterer & Schnell - Green Bay, WI

This session will be a round table discussion of three users of the John Deere HarvestLab with Manure Constituent Sensing in 2020. They will give their perspective and answer questions on how the system worked for their operations.

Joe Sinkula is the Integrated Solutions Manager at Riesterer & Schnell, Inc., a John Deere dealer in Northeast and Central Wisconsin. Joe has served in this role for 10 years and has spent 5 years working on the John Deere Manure Constituent Sensing Project. Joe lives in De Pere, WI with his wife, Stacey, and their two teenage kids, Isaac and Morgan.
